Detailed Action

Election and Restriction (5/12/07)

1. Restriction to one of the following inventions is required because this application, <u>as best understood</u>, contains claims directed to the following patentably distinct inventions. Applicant is requested to <u>elect a single invention and associated figures for prosecution on the merits</u> to which the claims shall be restricted if no generic claim is finally held to be allowable:

Invention A - claims 1-19, directed towards a vehicle console.

Invention B - claims 20, directed towards a snap-in coupling assembly to include a projection extending from the first component.

Invention C - claims 21, directed towards a coupling member to include a first portion and a second portion.

Invention D - claims 22, directed towards a method to include inserting a projection, pivoting the two portions and inserting the coupling member.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

2. A telephone call was made for the Attorney/Agent responsible for this application to request an oral election to the above restriction requirement, but did not result in an election being made.

Application/Control Number: 10/542,559

Art Unit: 3612

3. Applicant is advised that the reply to this requirement to be complete must

include an election of the invention to be examined.

4. Applicant is reminded that upon the cancellation of claims to a non-elected

invention, the inventor ship must be amended in compliance with 37 CFR 1.48(b) if

one or more of the currently named inventors is no longer an inventor of at least

one claim remaining in the application. Any amendment of inventor ship must be

accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37

CFR 1.17(I).

5. Any inquiry concerning this communication or earlier communications should

be directed to Primary Examiner Kiran B. Patel whose telephone number is 571-

272-6665. The examiner can normally be reached on M-F from 8:00 to 5:00. The

fax phone number for the organization where this application or proceeding is
